

Final Showcase NXT residency Artists

>Tuesday, 21 June, 14.00 – BEN SMART (UK) – Café De School

Title: *Streetshaping – An artistic collaboration with you*

Topic: Artist in residence, Ben Smart, is busy wrapping up his residency here in Amsterdam. As part of his urban design project, he is collaborating with Amsterdam city council, to help visualise the future of Jan Evertsenstraat's western end with a collaborative, hands-on art project. Now he is calling upon the community to give feedback on how they think the city should expand.

Take a look at the information leaflet [here](#).

> Saturday, 25 June – SPACEHUNTERS collective – time TBA, New Democracy Dome at Fabcity Campus

Title: *You have bright future behind you*

Topic: The SPACEHUNTERS collective's presentation in New Democracy Dome is a collection of treasures they gathered along the way, during the time they spent together and the things that they created to survive during their residency in Amsterdam for the past 3 months. The title came from song lyrics combined with associations they developed of their experiences during the residency.

The SPACEHUNTERS collective is (Dora Durkesac HR and Zofia Kuligowska PL).
